LIFTING INDIA'S TRADE

➤ **India's Gateway of Choice for Container Logistics**

Dear Valued Clients,

Season Greetings from APM Terminals Mumbai

In 2014, we have been able to service India's EXIM trade with increased efficiency levels without any compromise on Safety.

Several initiatives have been rolled out by us with an aim to provide safe and faster gate movements for your cargo.

- The introduction of the "**e-Form 13**" provides ease of business to you with faster access and mobility. The earlier practice of Shipping Lines physically collecting Form-13 from the terminal and distributing physical Form-13 has been replaced by a web interface. The application allows the end-user to access the E -Form 13 from any place, at any given time at no additional costs. The transparency has helped the end-user having a **VIA Number, Confirmed Booking Number** and **Container number** to key in details through our company's website [www.apmtmumbai.com](http://www.apmtmumbai.com) and view the required document.
- In order to enable even faster gate movements, GTI in conjunction with Jawaharlal Nehru Port Trust (JNPT) and Central Industrial Security Force (CISF) has started checking and verifying container seal prior to container gate-in/ out through their own security agency. This has resulted in substantial time saving for your cargo movement through GTI.
- Gate Survey process has been digitalized and the terminal has gone paperless for its transactions.

Since implementation of the new processes, the terminal is handling an average throughput of 5,000 TEUs+ against the previous daily throughput of 4,000 TEUs via its gates. In November 2014, the terminal handled monthly gate throughput of 142,814 TEUS as against the average of 130,000 TEUS.

At APM Terminals Mumbai, we will always strive for Customer Delight.

We thank you for your support in 2014 and look forward to continue providing you with the best in class service in 2015 through safe, efficient, reliable operations and innovative solutions.

Wishing you and your family a very Happy and Prosperous New Year.

Best Wishes,

Pradip Agrawal  
Chief Executive Officer

Ravi Gaitonde  
Chief Operating Officer

Amit Malik  
Chief Commercial Officer

APM Terminals Mumbai is the only Indian terminal to figure in the *Journal of Commerce (JOC)* list of Global Top Five productive container terminals in the world (for vessel sizes up to 8,000 TEUs). The JOC study has used data from over 150,000 port calls, evaluating the individual performances of 483 ports and 771 terminals.
